CHESTER,

Orange County, N. Y.

Located on the main line of the Erie Railroad, 55 miles from New York City and 5 miles from Goshen. Chester was incorporated in June, 1892, and includes Greycourt, East and West Chester and Chester Village, and has a population of 1,500. One of the finest water systems to be found in the State, getting its supply from Walton Lake, 5 miles distant; having an area of 127 acres, at an elevation of 254 feet; having a storage capacity of 3½ feet, each foot giving over forty million gallons, through eight miles of pipe. The water works are owned and controlled by the village, the corporation having sold bonds to the amount of \$55,000 to build the system. The average pressure on the mains is over 100 lbs., sufficient to throw a 2 inch stream over any building in the village.

WARWICK.

Orange County, N. Y.

A station on the Delhigh and Hudson River Railway, distant 10 miles from Greycourt and 65 miles from New York. Warwick is an incorporated village containing a population of 3,000, situated in the Warwick valley, on Warwick Creek. One of the finest agricultural regions of the country. The village was incorporated in 1867 and is a thoroughly enterprising town, possessing beautiful streets, numerous fine residences, brick business blocks, two banks, fine churches and schools, and good hotels. The L. & H. R. Ry. Company shops are located here. The village is supplied by a reservoir of the best spring water, and is guarded by a first-class fire department.
