NEWBURGH.

ORANGE COUNTY, N. Y.

The City of Newburgh is situated on the west bank of the Hudson River, and is the largest city in Orange County, containing a population of over 25,000 inhabitants. With the already large manufacturing interest which is constantly being added to by new enterprises, and with so many superior advantages of transportation, cheap fuel, &c., Newburgh is taking its place as the most prominent manufacturing and business centre on the banks of the Hudson River. The great river transportations to New York and all points on the Hudson, and the trunk line railroads and their direct connection to all parts of the country give Newburgh advantages as a manufacturing centre superior to any other city in the country. The railroads running to Newburgh are: The Newburgh and New York Short Cut and the Greycourt Branch of the New York, Lake Erie & Western Railroad, the Lehigh & Hudson River Railroad (via Greycourt), the West Shore Railroad, the New York Central & Hudson River Railroad by ferry, the New York & New England Railroad by ferry, the Newburgh, Dutchess and Connecticut Railroad by ferry, and the New York, Ontario, & Western Railroad via Cornwall. The Homer Ramsdell Transportation Company, daily passenger and

Baldwin, City of Kingston, the Albany day line and the famous Mary Powell, together with many other lines, give to Newburgh the very best and cheapest of water transportation. The city is well governed and is noted for the wealth of its citizens, its fine churches, charitable institutions and its superb public schools. The Newburgh City Directory giving names, business and address of all residents, a very complete work of over 400 pages, is issued annually by L. P. Waite & Co.
