

# PRINTED & STITCHED

***Printed & Stitched*, a traveling exhibition examining the overlap between the hand pulled print and the art quilt, highlights recent works from members of the California Society of Printmakers and Studio Art Quilt Associates.**

The artworks in *Printed & Stitched* are all original works by members of the Studio Art Quilt Associates (California/Nevada Regions) and the California Society of Printmakers. Award-winning artist Christine S. Aaron juried this exhibition. Aaron is a conceptual and material-focused artist who utilizes printmaking, wax, wood, metal, and paper to create work investigating memory and the fragility of human connection.

*This exhibition is presented by the California Society of Printmakers and Studio Art Quilt Associates (California/Nevada Regions), toured nationally by Exhibit Envoy, and juried by Christine S. Aaron.*
