

INFORMATION

For PARENTS and others, inclining to send Children for Education to the

BOARDING-SCHOOL AT NINE-PARTNERS.

CHILDREN of both sexes to be admitted not younger than seven years of age, and for a time not less than twelve months, unless some special circumstances, particularly such as where a child cannot stay so long on account of age, may render a deviation from this rule reasonable and proper; and which is left in the discretion of the Superintendent, and such of the Committee as he may conveniently consult on the occasion. They are to be boarded, instructed, and their washing, and reasonable mending done for such a sum, as the Committee may find necessary for the support of the family; to be paid annually in quarterly payments, at the beginning of each quarter. When a child is intended to be sent to the school, the Superintendent to be notified thereof, and information to be received from him of a vacancy, and when; and every article of dress to be marked, (with the number vacant) before they are sent (to be done with thread, as silk comes out in washing) and which number the Superintendent will furnish for that purpose; and that at least one month's previous notice to be given to the Superintendent, by any parent or guardian proposing to remove their child from the school.

The following articles of clothing are found to be convenient and necessary:

BOYS.

- 1 or 2 plain hats
- 1 great-coat
- 2 suits for summer
- 2 do for winter
- 4 new shirts
- 3 or 4 pair worsted or yarn stockings
- 2 pair of shoes, and one pair of cloth or coating over-shoes
- 4 dark pocket-handkerchiefs
- 1 or 2 dark neck do.

G I R L S.

- 1 or 2 plain bonnets
- 1 cloak, (not silk)
- 2 pair pockets
- 2 stuff or gingham gowns, suitable for the season, made plain
- 2 or 3 plain short gowns for summer
- 3 or 4 round gingham, or other dark neck-handkerchiefs
- 2 over and 2 under-petticoats
- 4 new shifts
- 3 or 4 pocket-handkerchiefs
- 2 or 3 night-caps
- 3 or 4 pair worsted or yarn stockings
- 2 or 3 pair cotton or thread do.
- 2 caps, made at the school
- 2 pair dark mitts
- 3 or 4 long check aprons or slips
- 2 pair shoes, and 1 pair over-shoes
- 1 pair of scissors, and 1 paper of pins

Each child should also bring a coarse and fine comb and brush, a penknife and piece of cloth, thread and yarn for mending.

If the clothing sent be not plain, or require much washing, it is to be returned or coloured, or altered at the parents expense. All the clothing sent to be strong and substantial.

The children's going home on visits having been found to be attended with consequences injurious to the institution, as well as a disadvantage to them; it is recommended to parents to carefully consider this subject, in which the good of their children, and the peace and welfare of the school are nearly interested:—considerations which, if duly attended to, would point out the propriety of not sending for them, but on some special and urgent occasions: and very particular care should be taken, that no child bring any infectious disorder into the family. And as it may be a convenience to many parents, and open the way for the children to stay more constantly at the school, clothing may in future be had there, of a suitable quality, and on reasonable terms. Children are not to leave their limits at the school without permission of the Superintendent. And it would be relieving, and tend to preserve the quiet of the family, when the children's connexions that are desirous of some of their company at quarterly meeting time, could make it convenient to take an opportunity, either a day or two before or after the meeting; divers disadvantages having been experienced in their leaving the school, to be with parents at such seasons. No child should be brought to, or taken from, the school on the first-day of the week.

As divers disadvantages have arisen from children bringing with them money or printed books, and to obviate the painful consequences which may in future result therefrom; parents and guardians are not to furnish them with either, as the institution will provide books, and the Superintendent is authorised to hand each of them to the amount of a few cents weekly.

Each child should be furnished with a minute from the preparative meetings, certifying the age of the child, and the name of the parent or guardian.

N. B. The present Superintendent is CONSIDER MERRITT.
