

What is to be done at "Miss Betsy
Gibbons" this evening? I suppose
as you were with her last evening
you are perfectly acquainted with
her plans for to day. Do you
dine there? I understand there is
to be company at dinner - tell
me all you know about it,
who are to be of each party
I do not feel much like going
but perhaps by 6 this evening I
may feel very differently.

Yours most sincerely
& affectionately
Anne W.
