rented on the West Side of The Sprout Creek Together with
The new House on this farm. I leave it with you to
settle The Business with my Sister - Only remarking
that The Affair of Stuyvesant is yet unsettled and if
that I should be revived and a Recovery had against
me that I may make secure -

The Ask Lot I wish to have sold, as I may sister
Thompson's Interest for The Land my Father directed
I should pay for on The Farm called The Gore -

The House David McCoy has built at The Turn-
pike bridge I am to pay for after which he is to
allow me for rent as much as The Interest of
The money I pay with \$15.00 - for The Lot -

The new mill ought to be moved away, There
are I think five good Burr Stones in it which are
valuable -
