Albany Friday M^d

My dear Sir

Having found that the Sacket Henry, is arrived with a friend of mine on board, I am obliged to go at 7 - and therefore will not avail myself of your good disposition this time to accompany me to M^r. Fay.

Would not a little mention made in the newspapers of our late agricultural fair be of good example and prepare, may be, the minds for reconsidering one day this important concern of the State.

In great hurry

Respectfully your devoted friend

Le Roy de Chaumont
