

# C. H. CURTISS & CO.

## HARDWARE,

## PLUMBING & TINNING.

STEAM, HOT WATER AND HOT AIR HEATING.

*Tarrytown, N.Y.* April 12, 1904.

Mr. W. H. Mersereau,

Dear Sir:-

We found at Sunnyside, that it was not going to make a very satisfactory job to draw the bath tub forward until waste was directly over bell trap,, so we put a piece of pipe on the waste of tub, and brought it forward, and we think this will be entirely satisfactory, and it leaves the shower directly over center of tub. Besides doing this, we furnished and put up a towel rack that Mrs. Irving had ordered, and put up some other plumbing fittings, and put peppermint test on balance of plumbing, and found everything in good order. We have put the whole thing on one bill, which is herewith enclosed. The other bill for the contract &c was mailed you a few days ago, and we presume you have it.

Yours truly,

*C. H. Curtiss & Co.*

Mr. W. H. Morseren,

Dear Sir:-

We found at Sunnyvale, that it was not going to

make a very satisfactory job to draw the back tub forward until  
waste was directly over bell trap, so we put a piece of pipe on  
the waste of tub, and brought it forward, and we think this will be

entirely satisfactory, and it leaves the shower directly over  
center of tub. Besides doing this, we furnished and put up a

toilet rack that Mrs. Irving had ordered, and put up some other  
plumbing fittings, and put permit test on balance of plumbing.

and found everything in good order. We have put the whole  
thing on one bill, which is herewith enclosed. The other bill for  
the contract we will mailed you a few days ago, and we presume you

have it.

Yours truly,
