

Your note has found me with
our sick friend Mrs. Watson
who, I am happy to inform you
is not very dangerous at this period
altho' she was very sick last
night after leaving you -

I have not seen Mr. Fitch for
the last two hours & indeed do not
know what he has done with himself.

He was disengaged this morning
& Mrs. W. is able so, & will be
very happy to occupy Sunday as you
propose & to accompany me to the
family board. - I hope you do
not feel very much the effects of ex-
ercise last night - I am
myself obliged to make an apology

In doing that which will produce
so much pleasure to me. —
George will think I have a habit
of writing most lengthy epistles.

Yrs a M. L.
