My Dear Child

I had the pleasure of your
affectionate letter of Friday last, thank
God I am perfectly restored to health.

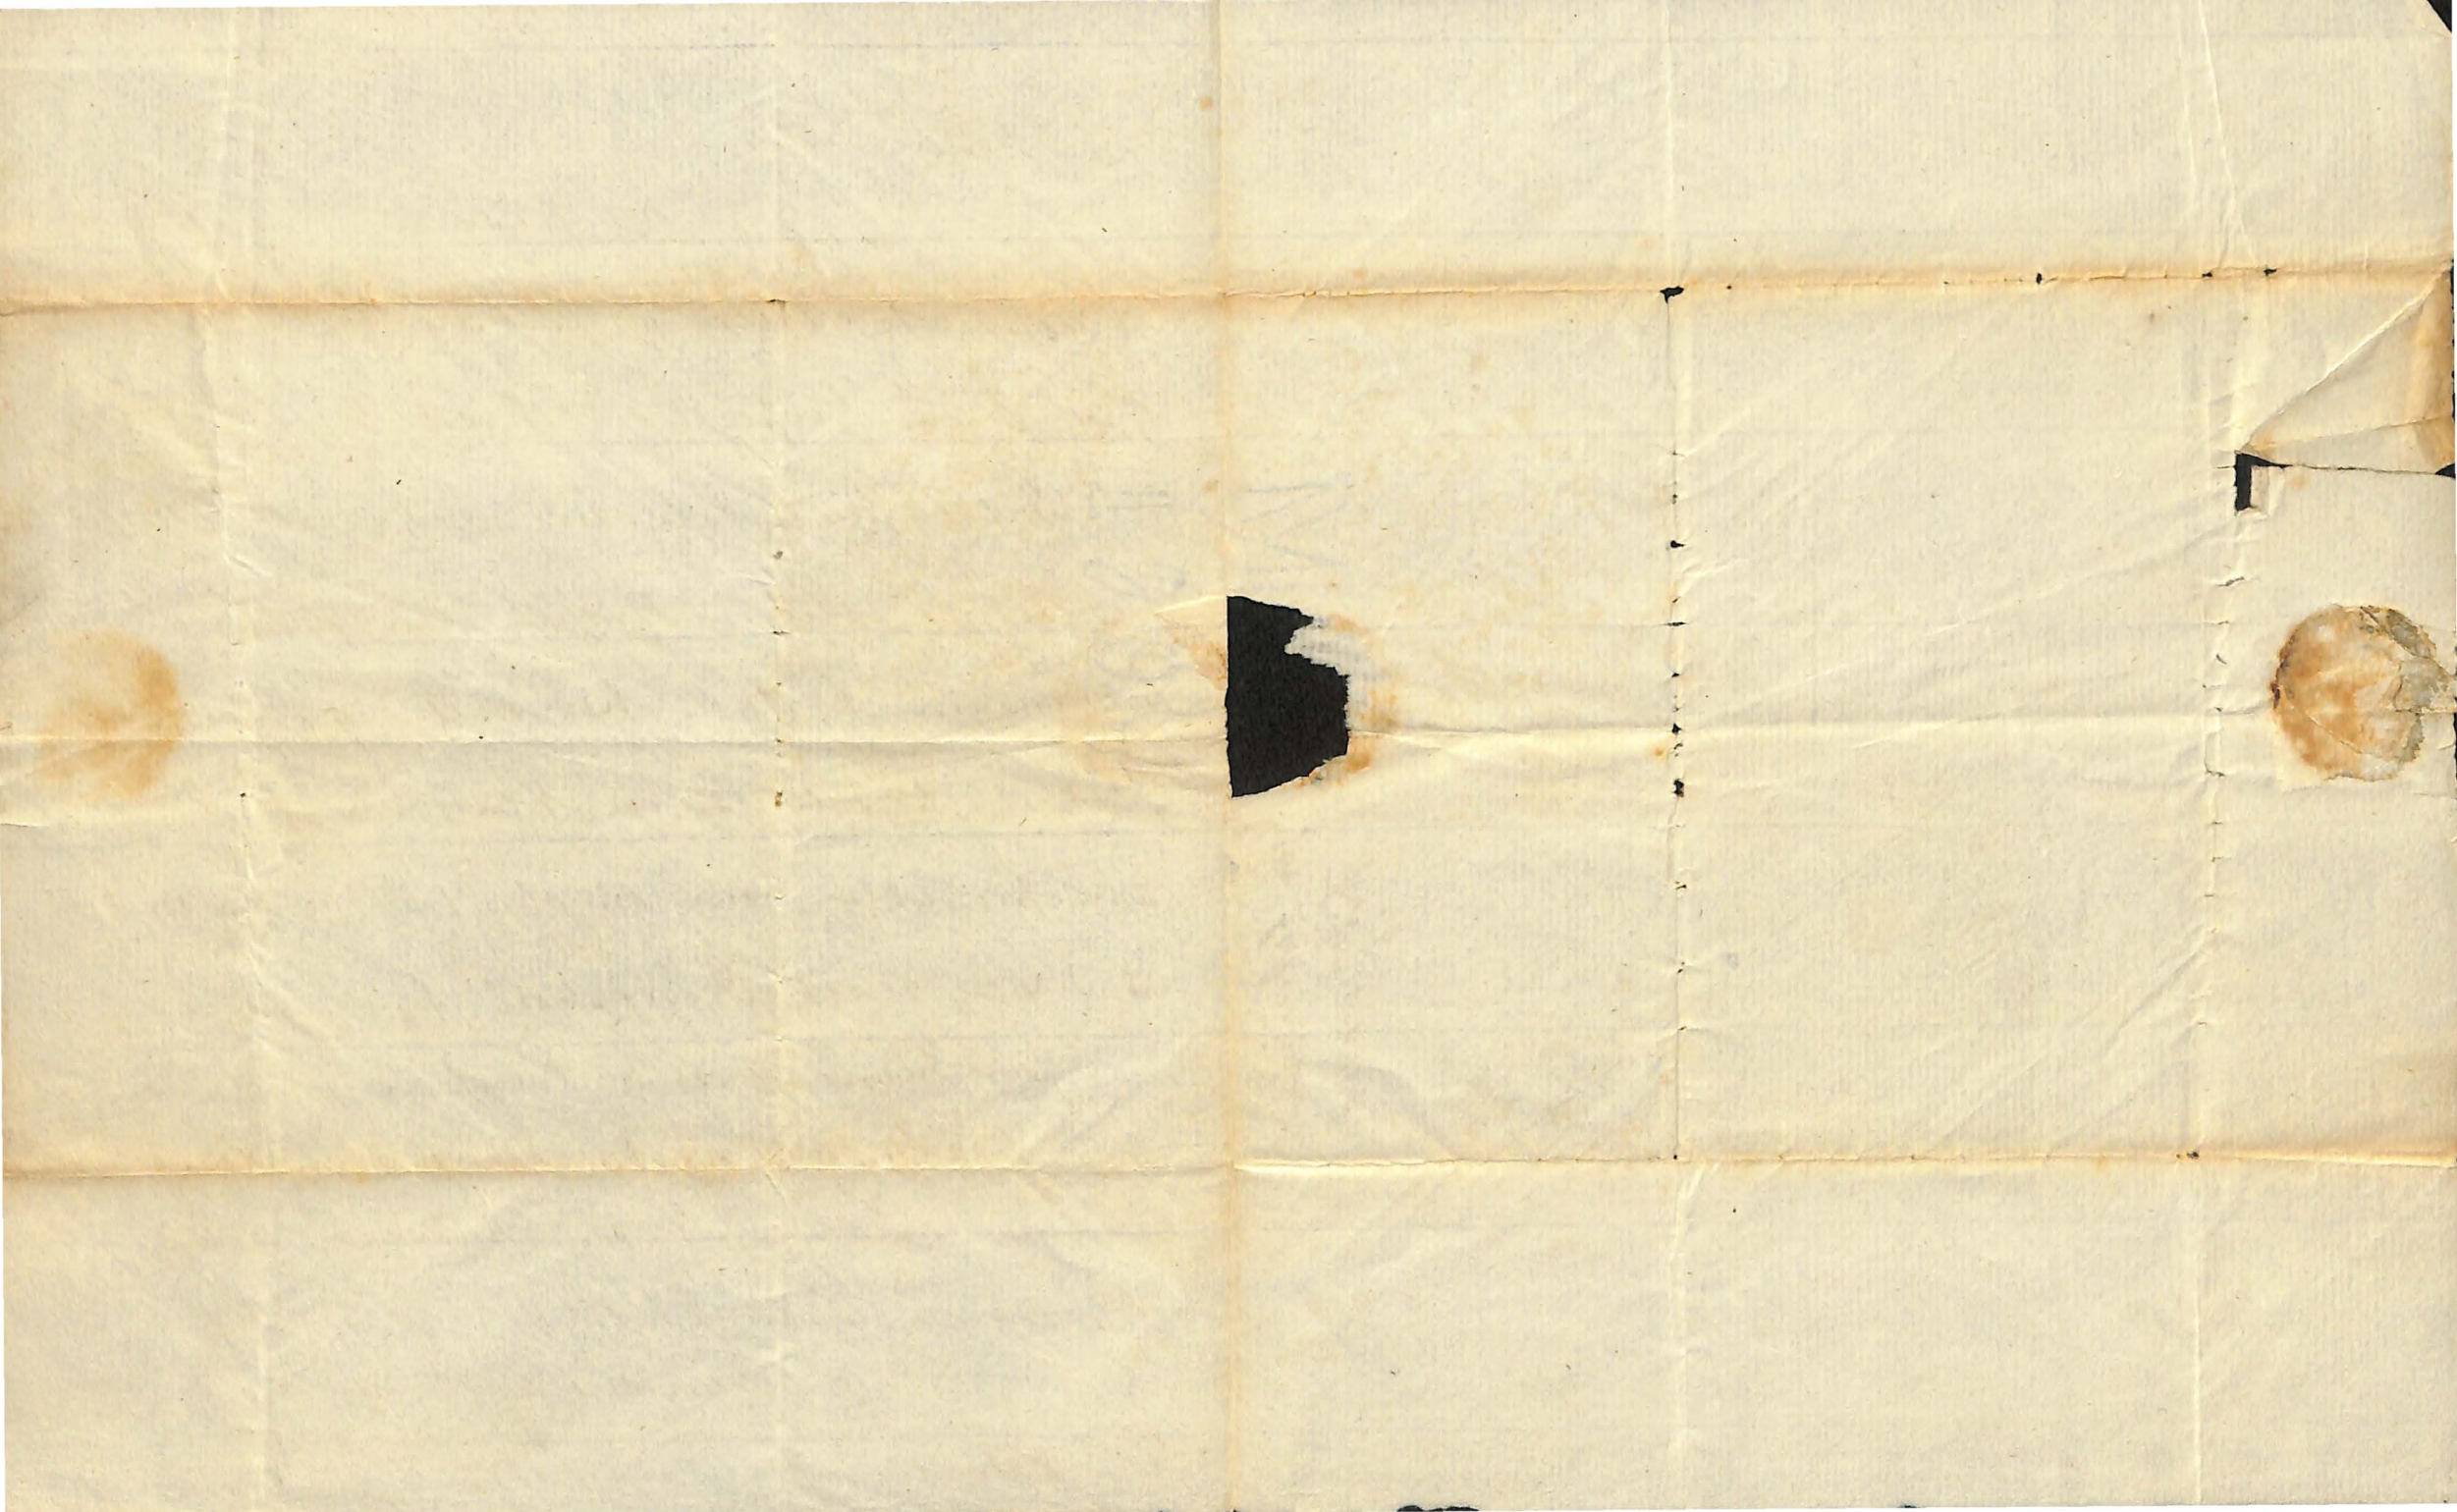

It will facilitate and expedite my
Catharines return. If you can find it
convenient to meet her with your stay
I expect she will leave New York to day
and probably come on about twenty miles
and may reach Pecks Kill to morrow.

Your Mother & Sister Hempden are in
good health, and unite with me in love
to you & Sally and the Children, God's
blessing on my Dear Child

Yours ever most affectionately Yours
