

W 934 50

Dear Sir

The report of the Commissioners
of the Georgia claims is transmitted this
day. My indisposition having delayed it longer
than was expected we obtained leave from
the house to have it printed together
with the documents accompanying the same.

This I mention in order to account
for the circumstance of its being said
printed on your table the same
day that it is officially transmitted.

With respect
Yours obed. Servt.
