

My dear Sarah

Tunny Side, Wednesday evening
March 28. 1855

I received yours of 25th inst. with the power of Att^y for Doct^r Walker, this morning, just as I was about writing to you to say that I had come to the conclusion that no letters of administration are necessary in your case.

I had been turning the matter in my mind and referring to the bill as passed, but a little while before your letter came to hand, when it struck me that the directions given by the Clerk of the House of Rep^s to Col. Morgan were the correct ones. The bill states that it is "for the relief of the widow of W. Irving dec^d." not his relief - it is a personal affair of your own, and therefore no letters of Ad^m. can be necessary. I send the power to Edgar by this mail, requesting him to transmit it immediately to Doct^r B. ~~requesting~~ asking his kind services in the matter, suggesting that the money when raised may be remitted to him (Edgar) when it shall be forwarded to you without delay.

You can write a letter of thanks

to Col. Morgan if you wish to do so. but
I do not think it necessary as I have
written to him specially on the subject,
making our acknowledgements for his
kindness and attention - Your sisters in
their letters to Charlotte, will beg her to assist
them on your and our behalf. The Colonel's
address is "Hon. Edwin B. Morgan, Aurora,
Wayne County, New York."

You spoke of coming on to New York
some time in Apt. which is done & how
when the "boarding project" can be fairly
discussed - Your sister & Pierre & I believe
think that Washington offers a better
chance for starting in that business, especially
for one with limited means - your sisters
after the cottage incline to the same opinion,
as does Sanders Julia in her late letters -
Sanders and Julia you know have had
some experience of the kind in that
place. Julia thinks your prospects would

be better there as she says that you
have many friends in that City -
but as I have just said, the matter
can all be talked over. I write in haste
for your sisters are reminding me that it
is late, and high bad time - so with
my kind regards to Mother and all

I am thine very dear Sarah

SER.

affectionately

Wm. Irving
