

Rhinebeck Tuesday 24 March

Nathaniel Schuyler to
his "grandmother Sawyer"
No 2 1809

I have deferred writing you my dear Grand

mother because nothing has occurred that can be interesting to you, except the good health of your Daughter Son and Grandchildren. Mama is universally admired we have taken her to see her relations at Albany & Still Water and though the season will not permit her to judge of our country yet she can of our society which she says she thinks very good, The Governor has given her a party and several private gentlemen likewise, she has grown as necessary to our parties here as the the President is to the State. Mama & Papa think of going to New York soon where I fancy she will be as much admired as in this place, not so much for her Beauty as for her goodness. The weather is very pleasant and I am glad that sweet Spring has driven out cold Winter. I hope you will make us a visit in the Summer with Grandpapa. Mama has received a letter from Mary Bliss I hope Aunt Farnham is better Give my love to both of them. We all want to see you very

very much. Mama has received but very few let-
ters from her friends as yet. She desires her love
to you and Grandpapa please to present him mine and
will you accept that of your granddaughter
Catherine Schuyler

Catherine's letter from
Middletown No 1

Doct. Michael Sawyn
