

fr Sweden -
Dear Irving,

Canton January 11th 1838

I wrote you a day or two since
fr French Ship "Taurville", but as I am with-
-out anything from you - Hunter arrived last
evening in 2 days from Antia, bringing us the agreeable
intelligence of the "Annals" arrival from Salem
whence she sailed on the 17th of July - without
letters for any one - He was soon after followed
by Rumondy & Pierce who gave some verbal news
of an interesting Character - they left Putnam
about the first of December, two days previous
to which the "Hellen Ellor" had arrived from N York
with dates to the 9th of August - the Cubat had
sailed for Madeira, Putnam & Canton - the Roman
would leave in 3 weeks to touch at Putnam - It
seems uncertain about the Horatio - I send under
charge of Mr. Corradillo, who takes this, a few
Newspapers by which you will see there had
been some disgraceful riots in New York owing
to the mad schemes of the Brethren, Tappan &

Ruined Spirits, in relation to the Anti-Slavery
question - the figure of Andrew Jackson, upon
the Penn after the "Constitution" frigate had been
clipped off its head - as our friend Cox would
say, "this is all right" - there appears to have
been nothing new in Politics -

the New London, London & Richard Alsop had
arrived home - Sumner was married!!
tell Wood this -

Roundy & Pierce will do their own business -
The "Grain" has arrived, but there is nothing
up from her yet - we heard yesterday of a
fire at ellacuo, by which Mr Perkins & Miss
Archer had been burnt out - have no further
particulars -

a Brig had arrived from Liverpool at Putaria
with dates to the fifteenth of August - The weavers
at Manchester, as well as mechanics generally
in different parts of England, had been striking
for higher wages - Some troubles in Spain -
The Washington, Captain Jefferson which sailed
from Manila, in October last, had been ashore

on "Alceste" Rock, had thrown over a large part of
her hump & finally reached Putaria, where she
was to have met &c.

The "Hellen ellen" was not burnt up here - the
Captain after Paschus had died - the Brig was
loaded & about to sail for Europe -
excuse the heterogeneous style of this present &
believe me, as ever,

Your friend,
in haste

A. C. Lorr
