

WILLIAM GUGGENHEIM,
500 FIFTH AVENUE,
NEW YORK.

Nov. 11th, 1911.

Mr. E. C. Van Wart, Collector,

Port Washington, Long Island.

Dear Sir:

I am in receipt of your tax bill for the Village of Sands Point for 1911 amounting to \$67.00. On October 28th, 1910, I paid a tax for School District No. 4, Town of North Hempstead, for \$940.84, and on Feb. 11th, 1911, I paid a Town, County and State Tax, 1910, on my property amounting to \$1195.37. Also on Oct. 30th, 1911 I paid a tax for School District No. 4, Town of North Hempstead, for \$1156.98, which is much higher than I ever paid, and, no doubt, will likely be compelled to pay a property tax for 1911, in the near future. I, therefore, do not understand why the additional tax of \$67.00 should be imposed. The School rate for 1911 is very excessive, and the rate is being increased each year, and I trust that in the near future the property tax will fully cover any tax for the School District.

Yours very truly,

William Guggenheim

From Van Wert Collec.

"Vince's Junction"

Dear Sir:

I enclose receipt of your tax bill for the Village of Vance Junction for 1911 amounting to \$21.00. On October 2nd, 1910, I paid a tax for School District No. 4, Town of North Heidelberg, for \$240.84, and on Feb. 11th, 1911, I paid a tax for the same district for \$215.98, which is much higher than I ever paid, and, no doubt, will likely be compelled to pay a

additional tax of \$27.00 should be imposed. The school rate for 1911 is very expensive, and the rate is being increased each year, and I trust that in the near future the property tax will fully cover any tax for the School District.

Yours very truly,

William Suggenheimer
