Dear Sir:-

Our attention has been called to our unfinished contract #66 which is the work on Sunnyside, Mr Irving owner.

We find that there has been retained out of our Contract price \$90, for the weather vanes, We suppose that Mr Irving has decided not to have these put on the buildings.

If such is the case \$50 would be a liberal allowance for these vanes, which would leave a balance of \$40 due us, Kindly take this matter up for us, and greatly oblige,

Yours very truly,

RAPP AND SPEIDEL IRON WORKS.
