SUNNYBANK LAD

My dear BIG Cousin;

Ever so many thanks for the photograph, which now hangs in my study. I get a MUCH better idea of you from it than I got from your mother's letter about you. It was sweet of you to send it to me. I like it, a lot.

Will you forgive me for having thought of you as "little", when you are really five-feet-one? That was a terrible social error on my part.

And I'm awfully sorry you hurt your face on the snow. That used to be one of my regular stunts in winter. This winter we are staying out here lots later than usual; but I am barred from skating or even tramping. One can't do much fancy skating, with a crutch, you know.

Thank you again, and a grand winter to you. Will you give my wife's love and mine to your mother, please?

Affectionately yours

Best
