

Albany Sept. 15th 1798

My Dear Sister

I thank you for your advice
and prescription to prevent the effects
of the Scurvy, I shall avail myself
of it - I should suffer so frequently as heretofore
from violent attacks. Indeed I have had
but one of any severity in the last twelve
days.

Philip is in a good School and attends
and promises to progress handsomely
The week before last he had two or three
fits of the Ague and fever but is now
perfectly recovered.

The few Apples I had have been
chiefly sold, so that your Brother
begs you will put two or eight barrels
to be sold, Iwaer Apples & Spitzenberg
I will get Capt. beget to call for them
when I am advised where he shall
stop for them. —

I shall be happy to see you again
you can conveniently leave home -

If you can find an opportunity
to say good bye to my horse as I am
much in want of him -

Your brother Inspector has received
a strong intimation to go into
the army but I have seen Mr. Smith
at his household my late Mr. General
Hamilton is of opinion that it will
be proper he should and will I should
be a replacement of Dragoon for him, Gov.
Jay has also recommended him to
the President for that office, and by
his advice I have also addressed a letter
to the President on the subject -

We are all well here and all love
me love to you Sally & the children
Compliments to the family & family

I am my dear child

Your very affec. parent
