

To the Commissioners appointed
by Act of Parliament for enquiring into
the Losses and Services of the American
Loyalists.

The Memorial of Frederick Philips
Esquire.

Respectfully Sheweth.

That your Memorialist was one of the Members of the
legal Assembly of the Province of New York from the Year 1750
to 1775 in which he possessed during that time a considerable Share
of Influence and uniformly opposed every Measure there proposed which he
thought inconsistent with the Rights of the Crown and Parliament
as may appear by the Minutes more at large.

That from the time he perceived the late Tumults in
America tended to weaken and destroy his Majestys Authority over it,
actuated by the firmest Principles of Loyalty and Attachment to the
British Government he exerted his influence to prevent it, and particularly
in the Spring 1776 he convinced a large Number of ^{the} Freeholders and Inhabitants

of the Town of West Chester and prevailed on them to enter into an Association
to preserve the Peace and to support the legal Government, but that his
laudable Intentions were frustrated by the Superior force of several Parties which
were after formed in the County and others which came from Connecticut and
at length the Person of your Memorialist was seized on by a party of American
Volunteers from New York and carried from his Family a Prisoner into
Connecticut where he was confined for the Space of six Months. That being
released from his confinement by a Parole granted by Governor Trumbull he
made his Escape with his Family consisting at that time of a Wife
and nine Children and sought for Refuge within the British Lines at
New York.

That after his arrival within the British Lines five of his sons
entered into his Majestys Service for the Purpose of assisting in reducing
of the Rebellion and that for two of them, who have since been
unfortunately lost in the said Service, your Memorialist purchased
Commissions with Money which he was obliged to borrow and for which
with the Interest he yet stands indebted to the Persons who lent
it.

That in Consequence of the loyal Part thus taken by your
Memorialist and his Family the usurped Legislature of New York passed
a Law for attainting his Person and confiscating all his Estate both

real and personal whereby he was totally deprived of a very valuable Estate of which he was seised of part as Tenant for Life and part in Fee Specified in a Schedule hereunto annexed.

Your Memorialist therefore prays that you would take his case into Consideration and make such Report thereon as shall enable him to obtain such Compensation for his Services and those Losses which he has sustained in Consequence of his Attachment to the British Government.
