

C. H. CURTISS & CO.

HARDWARE,

PLUMBING & TINNING.

STEAM, HOT WATER AND HOT AIR HEATING.

Tarrytown, N.Y. August 15, 1903.

Mr. W. H. Mersereau,

Dear Sir:-

We estimate the cost of the new bath room at Sunnyside, if floor only is tiled, -omitting the tile wainscoat, -to be Five Hundred & One Dollars.

We had intended to use cast iron soil pipe through the pantry and wrought iron through the bath room, and suppose it will be all right to do so, as the pipes in the pantry now are cast iron, and it is the bath room that you are more particular about.

We have, moreover, no screwed drainage fittings 4" on hand, and it would occasion now a little delay to get them for use in the pantry, so if you do not advise to the contrary, we will use cast iron in the pantry.

Yours truly,

C. H. Curtiss & Co

C. H. GILBERT & CO.
STATIONERS & PRINTERS
100 N. 3rd St. St. Louis, Mo.

August 15 1903.

Mr. W. H. Harsanyi,

Dear Sir:-

We estimate the cost of the new bath room at
\$200.00, if floor only is tiled, - omitting the tile wainscot, -
to be five hundred & one dollar.
We had intended to run over from wall pipe through the pantry
and brought iron through the bath room, and suppose it will be
all right to do so, as the pipe in the pantry now runs east from
and is the bath room that you are more particular about.
We have, however, no screwed drainage fittings 4" on hand, and
it would occasion now a little delay to get them for use in the
pantry, so if you do not advise to the contrary, we will use cast
iron in the pantry.

Yours truly,
