

I assure you my dear Mr Nicholas
nothing would give me more pleasure
^{than} to have you with us this evening. I
should have certainly solicited
your company but I was afraid
the walk of yesterday had disagreed
with you, as you had a head ache
to day. come up at the time most
convenient & agreeable to you &
we ^{will} walk on not as you please
for to see it is perfectly
unnatural so that I have
the pleasure of your society
Yours true Wm Watson
