

Some day ago I wrote to you requesting you to give me the terms upon which you would sell the water fall near the Quaker bridge with 50 or 75 or 100 acres of land embracing both sides of the river but as yet I have rec^d no answer, will you do me the favour to reply to it or if it should be more convenient I will thank you to call & see me to morrow morning day 9 o'clock or the Genl. who with the terms are desirous of having them immediately. The object of the Genl who wish to purchase is to erect immediately a respectable manufacturing establishment. Do not fail to let me know ~~immediately~~.
