Office of Superintendent of Common Schools,

Hartford, Feb'y 23^d 1852.
Are they not so at Danvers

Dear Sir, -

I thank you for your prompt compliance with my request to forward the Deaf Mute Statistics of the last Census.

I take the liberty to suggest, that you direct one of your clerks to write directly to each of the 12 Deaf Mute Institutions, - & ascertain the number - age & - of the pupils at the date the Census was taken - & the State from which they came. Otherwise the Census will not be complete, & will give a very inaccurate return of the Deaf Mutes for each State.

I think too there is an error - in giving to the New York Institution 315 pupils in 1850 - when the Catalogue for that year shows only 204, as an attendance during the whole year. And at least 20 of them were from another State. So of the Hartford Institution - but of the whole number returned as in the Institution in 1851 - two thirds were from out of Connecticut.

A few letters written to the right persons will enable you to give the number in each State accurately.

Yours obll^y Henry Barnard
