

Dear Daughter, Nancy

Your Mama now says, I have not wrote to you
in some time that I must do it, as you are come home
from the Springs, we hope they have been of service to
you, your Mama is better by her going a little more
about the house Long, to go and take a ride to Cotoons
and from that to Mr Beckmans I tell her it will not
do as yet, but as soon as there is a very fine cool day and
the fells very strong, and Fitas can be shared that then
it will be time to resolve and set of by Sun Rise as
Mama is now every morning up before it, and often
break fasts before seven, Mama now calls me to it, so I
shall think in the mean while what further to write to
you; Mama has been upstairs says it tires her much
she received a letter from daughter Katy. Mama was much
pleased with it, and desires her love to her and the Coll^d
but cant write. We are here alone and my people very
lousie have not seen the Gen^l nor Catharine in a fortnight
we have had a line from your sister Coraelia wated to hear
from us, they were all well, I long to go and see her, &c
we have no news all peace and quietness here only the
Rattle of the Market Waggon, and Carts they make a great
rush; we long to see you and Mr Mayor we have little or
fruit here occasioned by the late frost am sorry for it
Our Love to you And all friends. As I write to the Coll^d
