

JULIUS L. FOUVY,

PAINTER,

37 Thompson Street,

P. O. Box 29.

Stapleton, S. I., May 18th 1898

Mr W. H. Mersereau Archt.

Dear Sir:

I was very much surprised yesterday morning in receiving Check Certificate and bill from Mr A. D. Irving, to see that you have taken off twenty five Dollars off on work that has been called O.K. by you, and all paid for by Mr A. M. Hunter and done according to Mr A. D. Irving orders, that is unjust.

The Dining Room wood work at the time Mr A. D. Irving made me change the color (from white to cream) had all of the required coats of paint but the varnish; that is one coat of filler, two coats of lead and oil, one coat half oil and turpentine, two coats French zinc, and one coat of shellac on most of the panel work to keep sap from oozing out and to turn white paint all yellow, and burned off part of it.

As there was no refusal on my part to do work according to specifications I am entitled to full amount of Contract which I have already received from Mr A. M. Hunter, therefore has nothing to

do with present bill of Eschra's on first Contract.
that is an outrage.

To avoid further trouble for yourself please
settle at once as I will not receipt bill before
settlement is made in full.

I cannot understand the reason why you sent
Certificate to Mr A. D. Irving instead of
sending it to me.

Please reply to this as I wish an answer.

Respectfully Yours.

Julius L. Ferry.
