Robert M^o London.

I write you on the
 20th and post it the next-
 day enclosing a check to you
 for \$58. part owing to you Jan'y 90
 and for Maurice and your
 Christmas. and we also sent on
 the 21st a parcel with some
 things for your children. I hope
 you have received all the
 things. I cannot understand
 why you have not acknowledged
 them as you know I am
 very particular when I send

a check to have it acknow-
ledged at once. if you are
ill and cannot write you
could get some one of your
family to do it. perhaps you
may have written and I has
gone away. I only want to
know that my check has
been received. we have had
very unusual warm weather
this morning the thermometer
at seven o'clock was 52. it rained
last night and the sheets
are very wet. I do not like
this mild damp weather
would rather have one brisk
cold weather. but I think
it has been very much

the same all year. we had
a quiet Christmas and some
presents and Christmas
cards. Hoping to hear that
you have received my check
welcome me to your household
and wishing you all a "Happy
New Year" yours
Sarah Irving
