Uncle returned from Virginia last Tuesday. I went to the Crystal Palace two weeks ago with Aunties and Grandpa we stayed all night

so as to see it lighted. we evening out of Susies little tea
went next day to see Aunt cups, they have taken away
Mary in her new house the shelves in the porch room
and saw Aunt Jane. Aunties and it makes it look larger.
took me to the dentist and give my love to Mother and
I had three teeth taken out. Frank

I went over to cousin Jolias
to a tea party two weeks ago. Aunt
Kate went to Aunt Charlies
last week to stay four or five
weeks. I play with Mr^{rs}
Holdrege's little boys every
afternoon and Saturdays. I am
going over to take tea some

Your affectionate
daughter Kate.

My dear William,

As Kate has been writing to
you, I thought I would add a postscript
and ask you to send on Lee School coat
and hood, as she needs something warm
to play in up here, for you know it is
much colder here than in Washington, no
matter if they are shabby, they will do up
here to play in, and tell Sarah if she will
send on her cloak just as it is, we may
be able to have something done with it,
we expect our dupmaker up next week
when we can have it done, the parcel
reached here Saturday afternoon, with
much love to Sarah, ever,

Your affectionate sister,
Sarah,
