

Dr. Son Pierre

With Pleasure I write you That when I was at the
upper mills your Sister told me she had received a Line
from Doctor Beckman That Washington Clinton was so far Re-
covered that he went about house and several times down Steep
and that his Swelling had somewhat abated so that there
appears hopes he may get the better of his Disorder in
time, which the Lord grant for his Murrays sake and that
Washington may be a New Man and Live the Life of the Righte-
ous and his Later End Likewise to it and praise ^{the Lord} ~~and~~ Ever more
Through Christ Our Surety Amen

I have Received your Letter with the Message and
