

Philadelphia April

My dear father,

I this minute received your letter by
Dr McLean, I delayed answering your other one,
on account of not knowing what to say about
our return - I'm says that if some business
of Mr Cohen's which it seems you are acquainted
with comes on in April or shortly he will
come on with us - but, I think as that is
very doubtful you had better make an ap-
-peal to George, to be our protector - I am
sure he cannot refuse me, as it is so long
since he has had it in his power to do me
a favor - but this will not only be favoring
me, but Becky & Mathew also - Becky
cannot leave home before ^{tomorrow} Sunday week, as the passage

does not finish till then - But she says she will
be ready to leave it certainly on that very
day - so if George leaves home next Fri-
-day, & arrives here on Saturday we can
return again on Monday - I wish very
much to see my dear Godmother, & hope
she will be able to stay till Tuesday week
to see us - but, would you my dear
father, have me leave Philadelphia with-
out my Beech? - No! I am sure not -
