My Dear Child

I wrote you yesterday, but
my mind was so agitated that I
believe I omitted to request you
to bring my Phileas up with you
may do not neglect it, and let
his mamma put up all his clothing
& books, as we have now a better school
and will besides be an honor
- to us to have -

Love to Sally & the Children and
respects to Mr. Lundy & family, God
bless & restore you to health
Ever yours most affect
