Dear Sir

I have understood that the Law creating the Highland Turnpike Company or by some subsequent Amendments to the said Law, those Persons whose farms adjoin the Turnpike have the Privilege of working that Road the Number of Days they may be asked to work in the Town - If so - I beg you will write to me particularly what is necessary for me to do to have my Wishes accomplished ^{to work that Road} I would not trouble you with this Letter if I had the Law but I have never seen it -

Yours with much Respect
