

Fishkills the 24th June 1786

Dear Sir

Hewing had no immediate Occasion
of writing I have till now delayed doing myself
the pleasure of replying to your favour of
the 11th & 20th of last Month - In regard to
Walter Dobbs, upon examining the Rent
Book, I do not find that he was ever entered
as Tenant - I was led into a mistake from
a similitude of Names, as there another Walter
Dobbs Junr. late in possession late in possession
of a different farm. We have therefore confirmed
the agreement you have been so kind to make
with Stephen Hutton. he has paid the year
rent due from A^m Lane.

I am glad to find that your opinion agrees
with mine in regard to Joseph Theak - I
have accordingly remitted the Interest arising on
his bond during the War - The Principal being
£235. 9. 9 - he has paid & given the bond of
Geo: Brukerhoff a sponable person for the remaining
Interest pay^{ble} in May next -

The Family are desirous the Money should be
applied to the payment of outstanding debts, but
first I think it necessary that some agreement

should be made with the Creditors respecting the
Interest, which I believe in most Instances by persons
within the Lines has been given up — The
Law would justify a payment in satisfaction, but
this is neither the Intention or wish of the Family.
I shall be glad to hear from you & Mr. Burkman
on the Subject —

With respectful compliments of all here
to you & family. I am with Esteem.

Dear Sir. Your Most humble Servt
