

Ms
Albany Oct: 1795

Thank you my Dear Child for your
favor of the 27th ult.

I am happy to be advised that you
and the family are in health God
preserve to you so precious a blessing

I have long since intended to
recommend to ~~being~~ away from N York
with his family, and executed my
request. but both he and your sister
are decidedly determined to remain
may Heaven shield & preserve them
but certainly on their account a great
hindrance such is the weakness of our

nature, and yet God is every where,
and as always, just in what he gives
& what he takes away, may I please
him to share some my children

My sister died with me
yesterday I think but in better health
than before the late severe attack.

We, your friends and I all bid
you me in love to you, to Sally
& the children — Let Mr. Lando &
family participate in our best
wishes. Yours most affectionately
