

My Dear Peirce

Julia Sanders tells me you
or Helen were expecting me in town
to-morrow to attend a meeting on the
evening of the Cooper Committee. I
have received no notification of such
a meeting, and, having no gite
in town, ~~do not~~ and not feeling
on the most robust health just now
do not feel disposed to come to town
on an uncertainty. I wish you would
make this apology for me in case
there really should be a meeting.

SHR

Yours affectionately

Washington Irving
