

Dear Uncle

Mamma has just read your
letter which by mistake I had just read
- I see how the Cat is jumping & think
that the Sunagate will by the ensuing
Summer have wells of another kind
to man's eye, besides those of the Defunct -

I shall not write tomorrow for Albany
- there is but little news in this place
except some ~~other~~ occasioned by the affairs
of New Orleans - typew Bill for a
monument &c

Constant is I presume now at Washington
I request you to give my compliments
to him & your aff. Nephew

P.S. I hope I shall use your goodness to send
you to furnish a promise a franking from Mr Brown for
the enclosed letter
