

My Dearest Life

Tomorrow we are to leave this place but am I afraid

we shall not be able for want of waggons to transport our baggage
there ^{be} ^{is} none to found in part of the country and am heartily sick
of this vile place I should therefore be greatly Oblidged to you if
you could get Abram Odell to hire Jacob Lost waggon with his
own horses to carry up my baggage as far as New Haven where
I can procure another and send this back Abram must set off by
day break as we promised to meet the Officer who is to conduct us
to Governor Trumbull one Cap^t: Prentice who is known to Mr. Babier
he is of New Haven and behaves with remarkable politeness and
civility he shewed us his orders from Gen: Washington which
are remarkable kind and favourable to us we are to travel at
our Leisure and not to hurry us in the least and to provide for us
the best Accommodations on the road & to keep an Ac^t: of all the
Expence on the road in short I could not have wished for better
orders and am very positive the Cap^t: will keep up to them but loose
no time in sending Abram up by Day break tomorrow I have ordered
the Express to call on Abram and bring him to you

I have nothing more to write but to beg you to keep

by all means and doubt Doubt all will end well yet the General ~~has~~
has given us the Strongest Assurance that asoon as the ~~Contest~~
Battle is over let who will get the Victory we shall be Immediately
released — God of his Infinite goodness take you and our children
Into his protection and am my Dearest Love

Your Affectionhus^d
