

My dear Brother

I consider it a very gracious providence wh. has allowed me the privilege of your services in St. Georges, during my absence from home. I commit the charge of my flock to your care, with entire confidence that your ministry will prove acceptable & a blessing to them. To preach Christ simply, freely, constantly, fearlessly, as every thing to every sinner who will receive him, is the great privilege of the ministry, & the great instrument of its power. This I

have no doubt, you will have
grace given you to do, faithfully,
& if God shall please, effectually.
Two services on the Sabbath, in the
morning at 10 $\frac{1}{2}$, & in the afternoon
at 4, - will be your rule, until
the 1st of October, - when the after-
noon changes to 3 $\frac{1}{2}$. - The lectures
on Friday Evening, & the Bible
class of Wednesday Evening, ^{at 7 $\frac{1}{2}$} I
should like to have kept up, un-
til the 1st of May. I have no
objection to your continuing either,
or both of them as much longer as
you please. The Communion will
be administered on the first Sun-
day

of every month I have requested
Mr. Wriston to take charge of the
Collections taken up on these occa-
sions. I have also desired him to
take charge of the monthly collec-
tions for our various appointed objects
according to a list of directions
which I have given him. These col-
lections are to be made on the third
Sunday of every month, notice of
them, & their object being given on
the previous Sunday. But we will
inform you, of the purpose of each,
& I will save you the trouble of
keeping them in your own mind.
Any private, parochial duties which
you may be able to perform, will be

always acceptable to me & the people -
Mr Dugan will inform you of any
special calls which may be made.
I have but few in circumstances of
peculiar need. Mr Dominick at
no. 5. Market St, is confined with
a cancer in his face, - wh. I fear
may be fatal. - His sufferings are
great, & he will be very grateful
for the consolations of your occasional
visits. Mrs. Moore at the
corner of Thompson & Canal Streets
is lying very low in a consumption.
She is hardly susceptible of further
visits. - You will be soon called
upon I presume to attend her funeral.
- She has been eminently blessed

in her enjoyment of the Saviour's
presence & love, & departs in joyous
hope. It would be highly gratify-
ing, if upon the occasion of her
funeral, you should be led to
make a suitable address to such
an occasion. I love to catch the
opportunities thus afforded, to speak
a word in season to those who are
assembled together. I shall be
glad if you will keep a record
of all your special administra-
tions, to be transcribed in the Parish
Register on my return. It will
give me great pleasure to hear
from you, as you have opportuni-
ty. W. Whitlock will forward

your letters to me. - I shall feel
greatly obliged to you, if I may
have an interest in your habitual
prayers.

And now I commend you
my dear Brother, to God, who will
enable you to feed the precious
charge which I commit to you.

Ever affectionately

your friend & brother
