Dear Sister, Beekman

Just as I was going off from Newport, received a kind
message by Mr. Kenble in July say, that to gratify
you to get your Release drawn regularly both for the
Lots on the Wajuchgs and the Manner and you here
inclosed the Swedents of both, the Patent of Vombonts
Kipp and father is at York as soon I get home we
may see on Sekondary will. The will and you that
also, the Will of the Tit is made by Brett you
have likewise inclosed, father's will which ought
also to be visited you find visited in the former
Swedent, if you feel advised get not a Lawyer
but an able hand to draw your Release, but
if you rather chuse to have it done by me I will
cheerfully do it but since I have been by some
undeservedly misrepresented for doing the
first Release of the Swedent of the State in New
York and of the Manner Ao 1792 without asking
or receiving any Gratuity, if you chuse to have
the 3^d Release of this 3^d Swedent drawn by me
do expect to be paid for my trouble as well as for
the Purchase and Ingrossing, which must
get done by other hands, your Sister & the family
here are all well they do give you their service
which please also to send to you

In love &c

Your most affectionate Brother
and Servant
