

Albany Sunday Feb^y 26th 1864

My Dear Child,

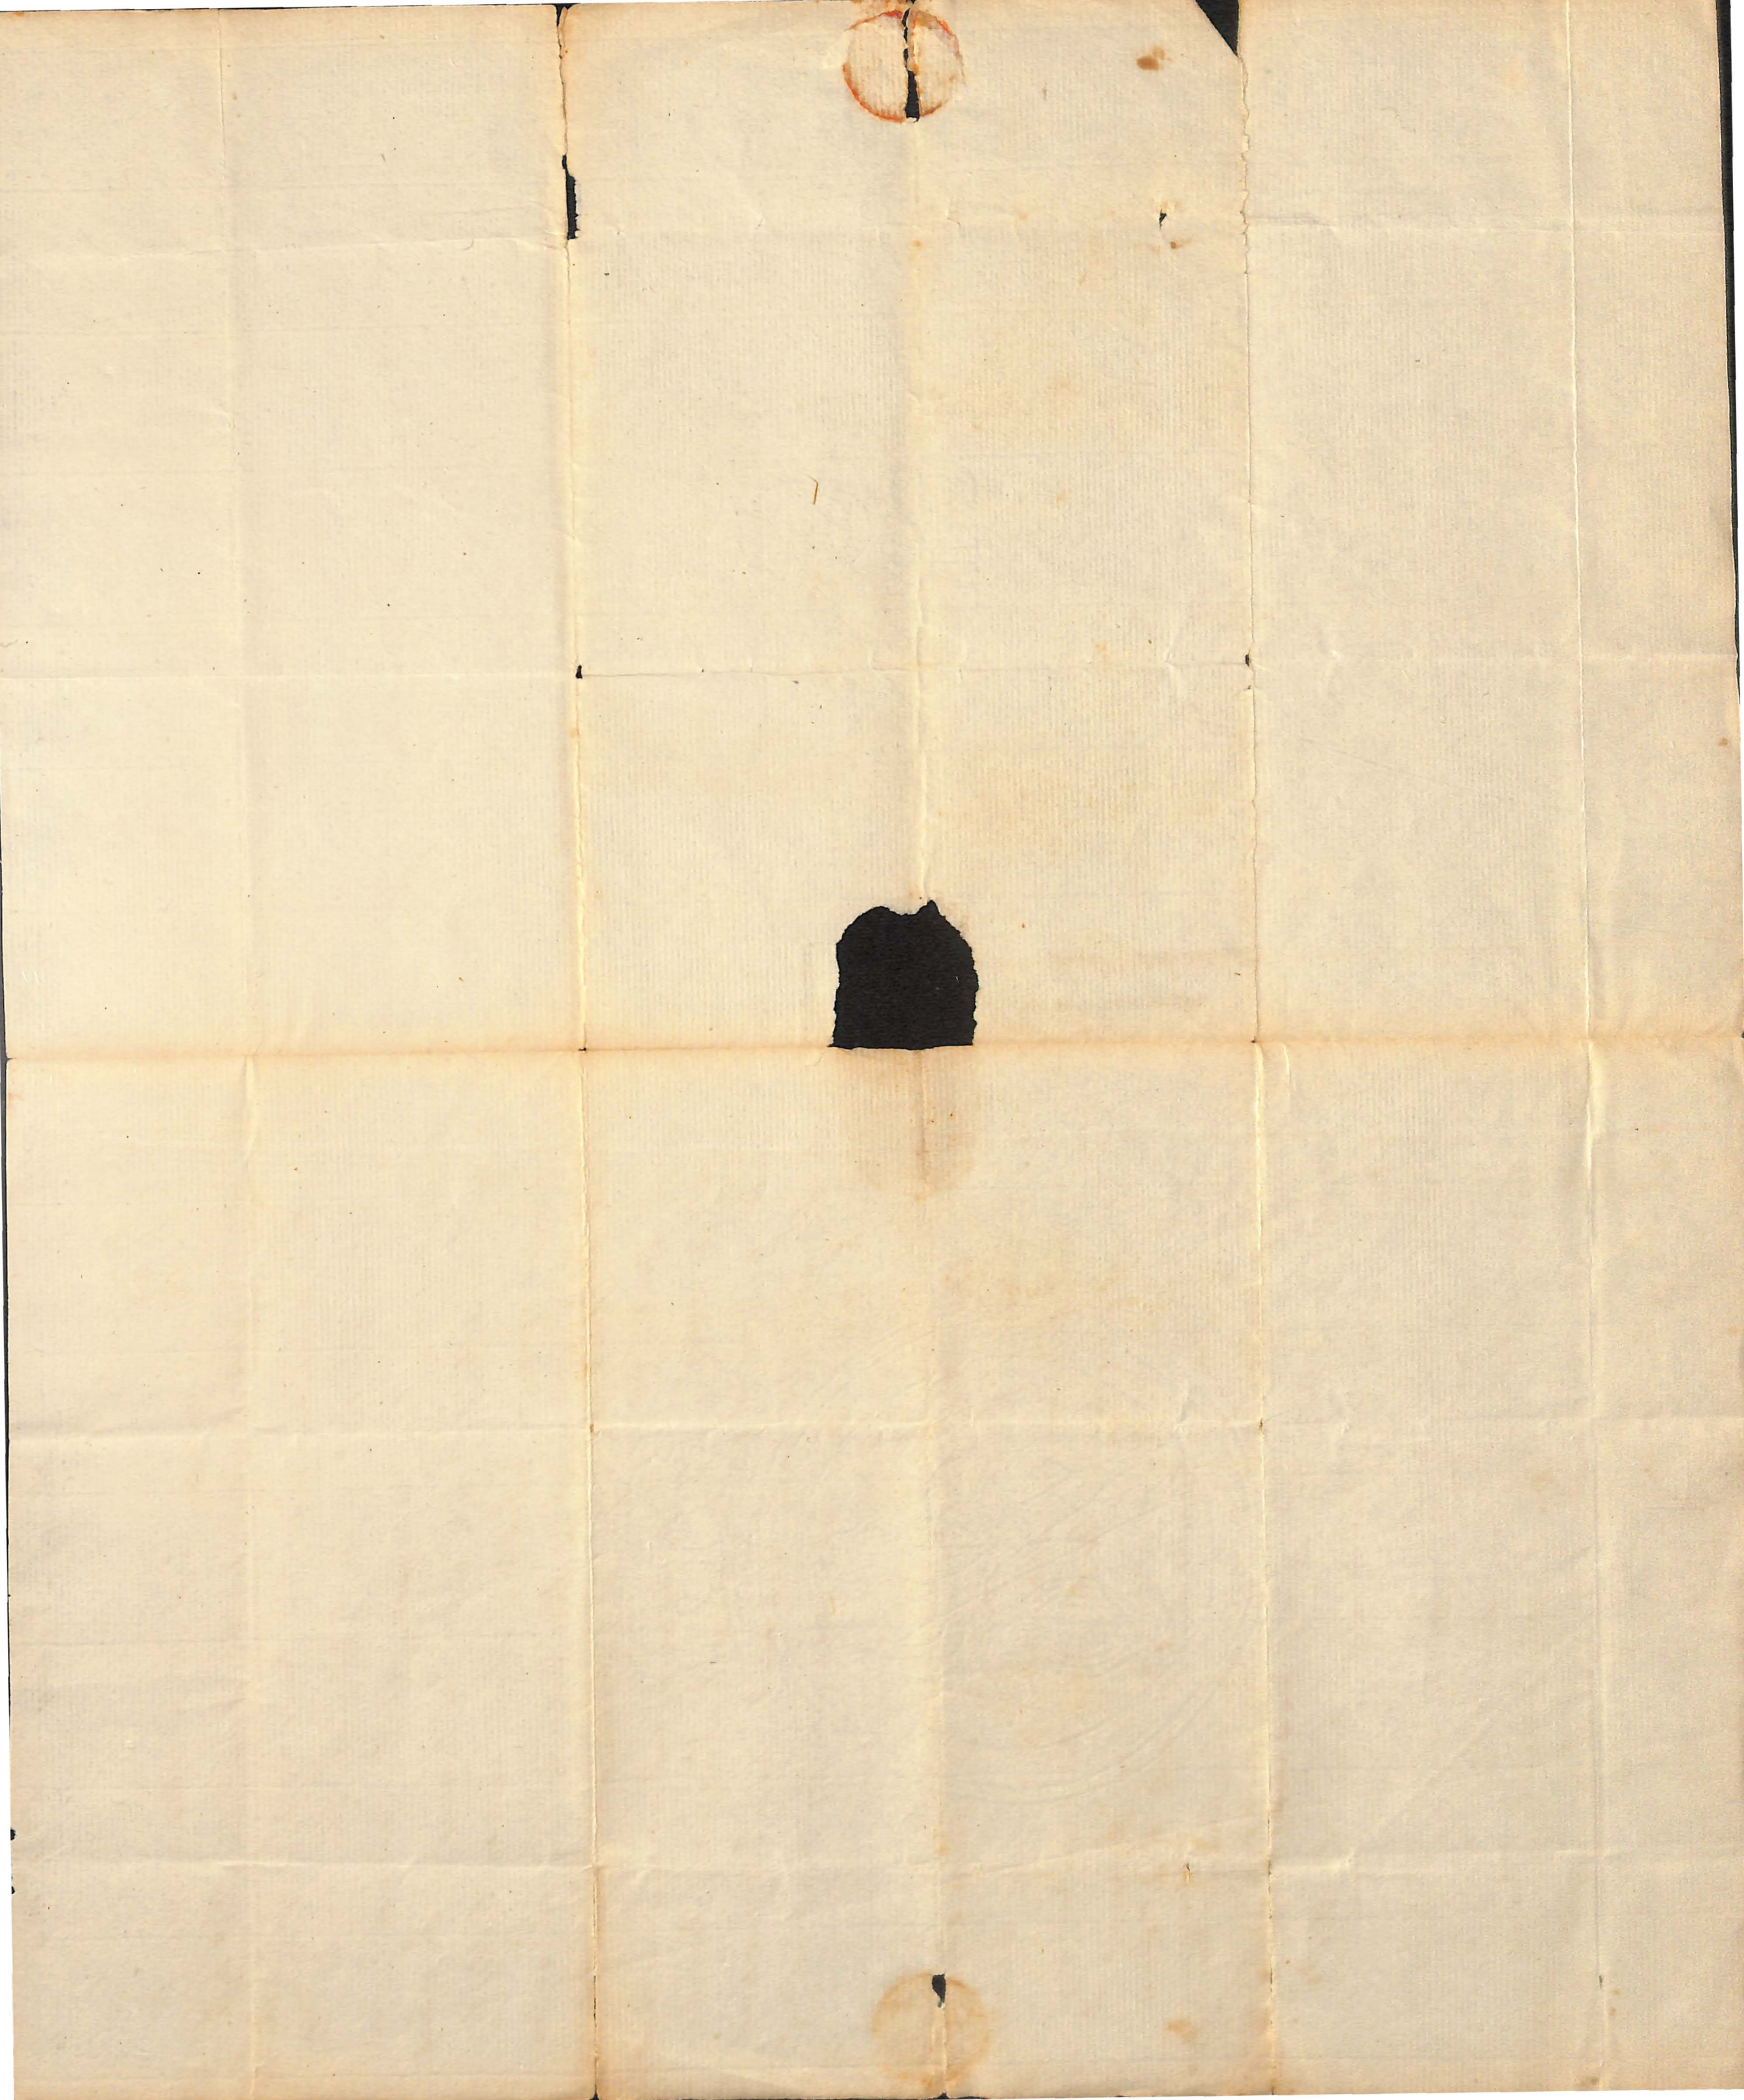

yesterday Colo. Truap called on me to know if the surveys of all the farms in Hillsdale had been made, and if so that the surveys might without any delay be sent to the Arbitrator. That if all the farms had not been surveyed, yet the surveys of such as had must be sent up, and the surveys of the others completed as soon as possible. - I have written fully to Mr. Jacob & then spoken on this subject, but apprehension - since that from the want in attention to compliance with the request may be delayed, and injure our results produce, I expect you to repair to Plattsburgh, procure the surveys which have been made and bring or send them to me, and to take measures for completing the residue.

Chancellor Lansing who was nominated by the Clintonians as a candidate for the chair of Government, first accepted, and then declined, having been indelicately treated in the public utterance announcing his nomination. - This measure has been injurious to the views of the Clintonians and favorable to Mr. Burr as Chief Justice. Lewis is now the Clintonian candidate and will certainly not have ~~consequence~~ ^{so many} Federal votes as would have been given to Mr. Lansing.

We are all well and write in love to You
Sally & the Children Love Very Dear Child
Most affectionately Yours

Th. Schuyler
