

New York Feb 21st 1801,

My Dear Papa

I have been taking one of
grandmama's short walks only visitting half a
dozen widows near the collick and have re-
turned home so tired that I do not know
what to do.

Mama and eliza received letters from
Ann last monday. Eliza refuses to shew hers
though we are all very anxious to see it.

I will begin to transcribe papers as soon
as I leave Miss Harding. I stay there until
I have finished my benches.

When did M^r Stansbury say he should be a
ble to attend me as I am very anxious for
him to begin.

Charlotte siton has been very sick but
she is now recovering Adieu my dear papa

and depend upon the affection

of your child

P.S. there is a mouse running across the room
which frightens me so that I cannot write a
my more
