

New York. Nov 24/77. On Tuesday evening was deposited in custody of the Sheriff of this city Peter Van Tassel commonly called the Indian King. He was taken on Monday evening with two others near Irvington by a party of provincial forces, under Capt. Cummings' corps, under the command of that enterprising officer. Van Tassel has long been looked upon as an active committed man and a vigorous persecutor of the friends of the Constitution. Capt. Cummings' party brought to them on - campment a considerable number of live North and other provisions.
