

May 23rd 98

My dear Sir.

I sent a sample package of the
 single stamens to your office with a note
 saying that Hunter wanted it. And then getting
 no reply sent another one direct to Tennyson
 by Stanley. And same was approved 2 days
 later and given to John English by Mr. King.
 That is all I know of stamens as to
 causing delay, it is nonsense. With
 kindest

Yours sincerely
 W. A. D. King.

W. Mendenham.

Why deem
 I write often
 saying that
 my health was
 by attending
 to the cause
 of the poor
 and the
 distressed.

1/2. 11. 4. 2. 1.

May 23. 1844

My dear Sir,
 I have a bundle of papers of the
 office of the Survey of the
 Coast, which I have been
 copying, and have now
 a few more to copy. I have
 also a few more to copy.
 I have also a few more to copy.
 I have also a few more to copy.
 I have also a few more to copy.

Yours very truly,
 J. M. B. King.
