We refer to our last of 12th Inst^t. — Yesterday your esteemed favour of 20 Septemb^r. came to hand, by which you desired us to send you for your aged Parent, some pounds of our best smoking Tobacco & about a half a Gross of Pipes. — On receipt of your Letter we have most cheerfully occupied ourselves in the execution of your order, so as to be sent you by the Vearer hereof, say the Brig Superior, G. W. Allen, Master, then on departure from Dort, Captⁿ Allen's receipt for the same, you've inclosed & at foot a note of the Cost being 58.12. 1/2^d. we have passed to your Debit, we shall be happy to hear in time of its having come safe to hand & that the Tobacco has proved to the liking of the old Gentleman who we hope will yet for a length of time use it with satisfaction, tho' unknown to him we beg you'll present him our best respects. — We were under the necessity to send the Tobacco in a Box, which is rather costly, but otherwise it would have spoiled on the passage — Here these kind of Boxes are universally used to keep any

quantity. — Part of your consignment by the Rising State
is landed — The Commerce is still under Quarantine — The
sales for Sugars & Coffee are at the present moment very dull,
we hope a change for the better will soon take place.
We remain with due regard.

Sir,
Yours Obedt Serv^{ts}
