Dear Sister Having a few moments time
I improve it in writing to you. I think
it was altogether best for you to go home with
Mr Bosticks people but I did not expect that
you were going so early in the season I
expected that I should see you again I wonder
that you did not come to see me this summer
you probably never expected to see Sister
Whaley again when you left and it
is so three weeks ago to day Sister it was
buried She died a very easy death She
had her senses perfectly well till the last
She appeared perfectly reconciled Oh
Jane is not this a loud call to us to be
also ready to let us live as we shall
wish we had when we are called to die
how soon we shall be called we know not
yes Jane let us live in view of Eternity we
must die and go to Judgment and how
soon we know not. Friends here are all
well write as soon as you receive this
and tell me all about yourself and how
you like the place and in short write
particulars Yours in haste Anna Warren
Jane Warren P.S. I want to hear from
you very much do write soon
