

Saratoga, July 31 1852

My dear Kate.

My present idea is that I shall leave Saratoga on Monday next so as to be home in the train which arrives at Durham about 8 O'clock in the evening. Have a wagon therefore at the station at that hour.

Sadp Albeeffer arrived here last evening with Nancy; who found the air at Sharon Springs too keen for her. She looks very pale and emaciated. The rest of the party will come here as soon as the Sadp can secure rooms.

for them at the United States Hotel.

I presume you have heard that
Theodore has been elected or appointed
Professor at Union College, Schenectady.
I think it probable his arrangements
with Mr. Abbott will be prepared by
him to the appointment; though under
the circumstances it would be a very
desirable one.

I am in haste as the dinner
bell is ringing.

Yours affectionately and

Wm. Henry Irving
