

to the Estate, ^{in y. Acc^t} in order to discharge the Ballance which
will then be left I propose this year to dispose of my
house & lots in Stone street to the highest Bidder,
too true to the last I have left of my dear Grand. or
fathers Estate but I will part with it without reluctance
to rid myself from debt, as I would rather prefer ha-
ving one thousand pounds clear of the world than to
owe five hundred with three times that sum
if you have any inclination of purchasing please
to signify it to me by a few lines as I should be sorry
it should go from the family — my wife joins in
love to Aunt & Co^y.

I am Wthl^y
Your affectionate Nephew,
Philip Cortland
