

With pleasure I sit down this evening
to write to you to inform you that I have got the Geography
Medal every week this term. Ann is very much pleased
with her situation and school. Ann has had a Medal
for her improvement in reading. Pa and Ma were
down here on Friday and they told me that Pierre went
to Peekskill to vote for General Jackson and he had a
hand full of tickets and threw them in the Jackson
box. I have had a bad cold also Ann and Eliza
but have got better. I want to know very much how
Grandma is and also should like to know how the boys
come on with their studies.

I send my love to all the family. I
remain your affectionate Niece.

Catharine Van Wyck.
