

New York January 28. 1829.

Dear papa

I have received your letter of the 23
and was very to hear the ill health of Uncle General
but hope by this time he has got quite better
I received my things you sent me Sunday
morning by the sloop and also Mamma's letter
I purchased the things she desired me and
put them on board the sloop Monday. -
The mild weather must be very favourable
to my Lemon Tree and the Geraniums but
there is quite a change since yesterday
it is now quite cold and is snowing. -

Mamma desired me to write to Aunt Hensfeler
I have wrote her once about a fortnight
since and intend writing her again soon
I wrote to Eliza yesterday I have nothing more
to write at present except the good health
of all the family who desire to be remembered
to you all with

Your Affectionate Daughter
