

aug. 13.

Dear Irving

Canton August 10.

I had the pleasure to receive of the 7th a day or two since, & write now - from you that we have two new comers - J. M. Forbes & a Mr Cabot who in the ship "Logan" Captⁿ Bancroft, arrived at the Cape of Good Hope yesterday, in days from Gibraltar -

She is 12 days from Amoy, & brings Boston to the 4th of March. previous to which time there had no vessels sailed for Canton, or was known to be on foot -

The Commodore - The Commodore was 20 days from Canton, been obliged to put into Batavia to repair, in new pumps &c - The "Emily Taylor" it is was to have sailed from Samarang for the same day the "Logan" left Amoy - up to time no vessels had passed, bound up. There is nothing specially interesting in

have seen - Business was completely paralysed
the scarcity of money, although there had been
failures of consequence - I & Mr. Allen were
on with the business. The debates in
were interesting, but had not resulted

in any changes in the political
there were no letters for yourself or
rest of us.

Forbes was married, also Bennett, a short
time before the sailing of the ship. the former
has taken your room & Cabot occupies the
one that was Woods.

I have dismissed my boy, and today I absent
in behalf the boat
Chinese talk &

and that shortly -

L is consigned to Habes! (entre nous) Thus
in send &c belonging to the 7/4th Concern in
- I observe that you are entertaining
cable Company in Boston & Mexico, they
to keep me in advice of your movements

in future - let me know of any "wonder"
occurrences of a domestic character &
continue to feel obliged to you -

I remain, yours Sir

Regards to Mr Hathaway & Co.
