M. S. TANNER,

No. 237 Broadway...Opposite the Park,

Has just completed New and greatly improved Editions of the following Works:

Map of the World on the Globular Projection, 6 feet in length and 4 feet high, price \$6, mounted on rollers and varnished.

Map of Europe, Asia and Africa, each 5 feet long, and 4 feet high, price on rollers and varnished \$5 each.

Map of North America, with all the recent discoveries, and exhibiting Oregon and Texas in connection with the United States, Mexico and the British Possessions, 5½ feet long and 4 feet high, price \$6.

Map of the United States, with the adjoining British and Mexican Possessions, 6 feet long and 4½ feet high, price \$6, with a consulting Index. This Map embraces nearly the whole of Texas and Oregon, and contains highly finished plans of all the principal Cities of America. A new General Atlas of 61 sheets, comprehending Maps of every country in the World, and one of each of the United States, imperial quarto, price \$7.

Atlas Classica, consisting of 53 Maps and Chronogenetical Tables; a most valuable work for Clergymen and Students of Divinity; imperial quarto, price \$7. These Atlases are so arranged as to admit of binding together, and thus forming one of the most complete and useful works of reference on ancient and modern geography and history extant.

Also, State Maps on rollers and in pocket form of every variety and price. Guide Books, Globes, &c. &c.
